

COVID-19 Safety Protocol Friday, October 22, 2021

Haus820

- Max attendance will be 250pp.
- All employees and vendors of which are involved will undergo temperature checks upon reporting to work.

Food & Beverage Service

- All food and beverage staff members will be required to wear a mask.
- Plated dinners will be served, no food stations.

When You Arrive

- Masks will be required to be worn over the nose and mouth while inside the main lobby. Masks are encouraged and recommended in the event space during the duration of the event unless actively eating or drinking.
- All guests will be asked to sign the COVID-19 Standard Liability Waiver if it is not already on file.
- All guests will be asked two COVID-19 screening questions upon arrival:
 - Do you have any symptoms of COVID-19?
 - Have you had any known exposure to COVID-19?
- We will be conducting temperature checks with a touchless thermometer upon arrival. Anyone who has a temperature of 100.4°F or higher will be asked to excuse themselves from the event.
- We will have hand sanitizer available upon entering Haus820 and at stations throughout the event space.

*According to the CDC, a measured temperature of 100.4°F is a fever.

Health Guidelines

- If you are experiencing any symptoms** associated with COVID-19 such as fever, cough, or shortness of breath, we ask that you please remain home.

- If you have been exposed to a person with confirmed COVID-19 within the last 14 days, we ask that you please remain home.
- If you have traveled by plane, train, or bus within the last 14 days, we ask that you please remain home.
- If you have traveled to CDC recognized hotspot within the last 14 days, we ask that you please remain home.

** According to the CDC, people with COVID-19 have reported a wide range of symptoms, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. The following symptoms have been documented in individuals with a COVID-19 diagnosis:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea
